YELLOW FEVER SITUATION IS WELL IN HAND

Experts Confident that It Can Be Stamped Out in City of New Orleans.

ITALIAN SECTION

Still the Center of Infection and Disease is Not Spreading.

ONLY THREE DEATHS REPORTED YESTERDAY, MAKING TOTAL OF 47--OTHER CITIES QUARANTINE--NO QUARANTINE WILL BE PLACED AGAINST TAMPA.

By Associated Press.

New Orleans, July 28.—Although unofficial reports made public today showed a larger number of deaths than yesterday, when there were only two, and the appearance of a number of new cases, the men of science who are warring against the yellow fever plague ended their day's labor confident that the situation was still well in hand and with no immediate prospect of its becoming alarming.

Today's official reports of yesterday's progress showed the entire section above Canal street free from a single new case and the fever only spreading among the poorer inhabitants of the down town section, with few cases isolated except in a part of the French Market quarters. The health authorities hold also that the plague remains in the Italian section, at but two cases of twenty-six new cases being of that nationality.

Today's official report shows several new cases above Canal street. One of these is a nurse who rendered heroic service nursing unfortunates in the heart of the French Market district.

The State Board of Health today declared a quarantine of the state of Louisiana against New Orleans with the exception of small towns and a certain section immediately adjacent to the city. This is in account of the rigid quarantine of Mississippi and Alabama against Louisiana.

The Marine Hospital Service has laid in large supplies of sulphur, alcohol and pots to be used in fumigating steamboats, detention camps, houses, etc. "We are all fumigating to kill the mosquitoes," said Dr. J. H. White, "and we are not going to fumigate or disinfect any freight. I want to reassure every business man that that subject. If business men want it fumigated it will be necessary for them to do it themselves. I am in full accord with my bureau on this subject, which has given me instructions from Washington to-day."

Official Report of Fever Situation.

New Orleans, July 28.—Following is the fever report up to 6 o'clock this afternoon: New cases 21, total cases to date 47. Deaths to-day 3; deaths up to date 47. New febrile 8. The emergency hospital has nine cases under treatment, and discharged the first patient cured to-day.

Memphis Quarantines Against New Orleans.

Memphis, July 28.—By a vote of 9 to 4 the executive council of Memphis went on record to-day favoring a quarantine against New Orleans and other fever infected points. The quarantine will become operative immediately. Inspectors have been appointed and every railroad train from the south will be closely canvassed before arriving in Memphis. Boats will also be inspected and no person from fever points will be permitted to land in the city limits. Citizens demanded that this action be taken because of the fact that other cities were quarantining against Memphis because Memphis would not quarantine against New Orleans.

SENATOR JOHN T. MORGAN. At every fresh report of trouble at Panama, Senator Morgan can say, "I told you so."

SENTENCED TO FIVE YEARS

Judge Beggs Passed Sentence Upon John B. Vaughn Yesterday, But Case Will Be Appealed to the Supreme Court.

MR. VAUGHN GAVE BOND IN THE SUM OF \$3,000, WITH W. A. D'ALEMBERT AND C. S. NORMAN AS SECURITY.—MOTION FOR NEW TRIAL DENIED.

John B. Vaughn, of Century, convicted of manslaughter by killing Barney Nail, at that place, several months ago, was sentenced yesterday by Judge Beggs in the criminal court, to serve five years in the state penitentiary. The case will be appealed to the supreme court.

Judge Beggs, before passing sentence, gave notice to the attorneys that he had overruled the motion made by Attorney Jones for a new trial in the case. This motion was made several days ago, or when Mr. Vaughn was convicted after a trial of two days.

It will be remembered that Vaughn, who was engaged in a fight with a man named Nichols, fired at the latter as he was running, the bullet going wide of its mark and killing a young man named Nail, who was at the depot in Century preparing to board a train to leave.

When Judge Beggs passed sentence, Attorney Jones gave notice that the case would be appealed to the supreme court, and asked that the amount of supersedeas bond be named. The court fixed this at \$3,000, which was given within a short time, W. A. D'Alembert and C. S. Norman being the sureties.

The case is made returnable at the January term of the supreme court.

Vicksburg says a quarantine against Memphis was established there to-day, the rule to be abolished should Memphis agree to quarantine against New Orleans.

A special from Natchez says a rigid quarantine was established there to-day against all points. No one will be allowed to enter the city excepting residents of the country.

NO QUARANTINE TO BE PLACED ON TAMPA.

Tampa, July 28.—Dr. Joseph Y. Porter, the Florida State Health Officer to-day made public a statement announcing a mild case of yellow fever in West Tampa. The patient, an Italian named Victor Vittallo, left New Orleans on July 20, coming direct by rail from the French Market district and reaching West Tampa two days later. The patient, with inmates of adjoining houses within a radius of

COUPLE TRADED LITTLE CHILD FOR WATCH DOG

Strange Bargain Between Traveling Couple and Woman Near Rochester

PECULIAR STORY

Leads to Belief that Child May Have Been Kidnaped.

CLAIMED CHILD HAD BEEN LEFT ON THEIR HANDS AND THEY WERE UNABLE TO SUPPORT IT. FULL INVESTIGATION WILL BE MADE.

By Associated Press.

Rochester, N. Y., July 28.—The exchange of a bright little four-year-old girl for a dog has been made at Pavilion Center, Mr. and Mrs. George Tillotson, of that place, receiving the child, and Mr. and Mrs. P. H. Cary, who claim Lansing, Mich., as their home, getting the dog. Cary says he was formerly janitor of the Elks' Club at Lansing. In September, he claims, he lost all his belongings in a flood, but remained in Lansing until six weeks ago, when he managed to get together a horse and "democrat" wagon and started out driving around the country mending umbrellas for a living.

The couple claimed that the child was theirs, and denied having kidnapped it. "A man who had lost his wife came to board at our home," said Cary, "and suddenly disappeared, leaving the child behind. We could not abandon it, and brought it along with us, but you can see we cannot properly care for it. Write to Lansing and you will find that what I tell you is true."

When the strange couple drove up in front of Tillotson's home Mrs. Tillotson, who enjoys a trade, jokingly offered Cary the dog for the child. To her surprise the Carys accepted the offer. They needed a dog to protect them as they slept in the woods and highways.

The Tillotsons are well-to-do and childless. They will investigate Cary's story, and if no one claims the child will bring it up as their own.

TAFT AND PARTY AT JAP LUNCHEON

ALLEGED SHOP LIFTER IS IN TOILS

Will Jones Taken Into Custody, Charged With Stealing Goods From Store.

'Will Jones, a negro, and an alleged shop lifter, was placed in the county jail yesterday morning charged with having stolen several ladies' belts and some jewelry from the store of T. H. Lannon & Co., on Palafox street.

It is alleged that Jones went into the store Thursday afternoon, and began prying goods, among which were a number of rings. While handling one ring, it is said that another disappeared by slipping upon one of his fingers from the tray. Later he purchased a handkerchief, but not before several ladies' belts had disappeared. Jones was arrested by the police and sent to the police station, where the goods were found. He told the officers that he picked the belts up from the floor and that the ring was found near the door.

As the case could not be tried in the municipal court it was transferred to the county court for trial.

NEW MOVEMENT TO CONVERT MORMONS

By Associated Press.

Salt Lake City, Utah, July 28.—Frederick W. Smith, grandson of Prophet Joseph W. Smith, and head of the reorganized church of Latter Day Saints, has started a propaganda to convert the Mormons of Utah to the former principles of the church as stated by the prophet. As the initial step in his campaign, Mr. Smith has issued an open letter to the Mormons of Utah, appealing to them to abandon polygamy, commercialism and political interference. Authorities are quoted to prove that Brigham Young led the people away from the teachings of the prophet.

CATTLE FEVER TICK WORSTED

By Associated Press.

Knoxville, Tenn., July 28.—A director of the government agricultural experiment station in this city has devised what is said to be an entirely practical method of ridding a farm of the Texas fever cattle tick. The method is exceedingly simple and inexpensive, and it is said can be practiced upon practically any farm in the south. Texas fever having been the bane of the cattle industry of the south, the discovery is regarded as being invaluable to farmers and cattle raisers of the south. He has been enabled to work out this method by a careful study of the habits, life and history of the tick, which conveys the disease from one animal to another. The details of the method are given in an official bulletin on "The Texas Fever Cattle Tick," just issued by the experiment stations in this city and Baton Rouge, La.

SULTAN SAVED BY A MIRACLE

By Associated Press.

Constantinople, July 28.—In reply to a Mussulman address of loyalty and gratification at his escape from assassination by the explosion of a bomb thrown by an unknown person at the conclusion of the Selamlik ceremonies on Friday last, the sultan says that the protection of Divine Providence on that occasion was God's reward to him for constant endeavors to promote the peace and happiness of the people. The only feature of the incident which deeply affected him was the fact that so many of his dear, devoted soldiers and well-beloved people were killed or injured.

MANY ARRESTED IN CHICAGO RIOT

By Associated Press.

Chicago, July 28.—The arrest of forty-two persons last night ended a riot which began with an attack on two non-union teamsters at Halsted and Van Buren streets. More than five hundred men and women were involved. James Simpson and Oscar Berger, non-union teamsters, who had resigned their positions, were recognized by union men. They were attacked and as the crowd increased the police were notified. Lieutenant O'Connor and a patrol wagon loaded with policemen soon arrived and the disturbance continued. Attempts to disperse the crowd were unavailing, and the lieutenant ordered the policemen to arrest all who refused to go away.

He arose at his usual hour and declined the comparatively sumptuous meal given all prisoners sentenced to jail in the jail here. He said coffee and rolls were good enough for him, and was given to the condemned man. He was very cheerful and chatted pleasantly with the guards assigned as the death watch. Hoch has been a model prisoner and the jail guards have been particularly friendly to him. After breakfast to-day they presented him with a bouquet of nasturtiums. Several bouquets were sent to him from outsiders, but Jailer Whitman and Sheriff Barrett refused to allow them to be sent to his cell, not wishing to risk the possibility of poison being concealed in them.

Shanghai, July 28.—The boycott of American goods, as a result of the demand in China for the repeal of the Chinese exclusion act continues to arouse bitterness on every side. "BLUEBEARD" HOCH GIVEN A REPRIEVE

Stay of Execution Granted to Aug. 25 for Appeal to Supreme Court.

WOMAN GAVE CASH

Necessary to Carry the Case to Highest Tribunal.

ACTUATED BY PURELY HUMANITARIAN MOTIVES IN EFFORT TO SAVE CONDEMNED MAN'S LIFE. CAREFUL WATCH KEPT TO PREVENT POISONING.

By Associated Press.

Chicago, July 28.—Johann Hoch, "Bluebeard" and confessed bigamist sentenced to be hanged to-day for poisoning one of his wives, was this afternoon granted a reprieve until August 25 by Governor Deneen. The stay of execution followed hours of anxiety on the part of Hoch, who had never given up hope, and was relieved only after the governor had been assured that the necessary sum to appeal the case had been raised. The sum of \$500 was given Hoch's attorney by a friend who, Hoch's attorney declared, was actuated purely by humanitarian motives.

An incident at the jail during the preparation for the execution was the appearance of a physician and woman who told Jailer Whitman they wanted to help in Hoch's battle for life. They said they wished to raise funds for the condemned man and asked Jailer Whitman to delay the hanging as long as possible. Hoch's attorney, however, had already been in communication with the authorities respecting a stay of execution.

The Morning Hours.

Cook County Jail, Chicago, July 28.—Three hours before the time set for his execution, "Bluebeard" Johann Hoch, the wife murderer, had not given up hope of clemency. Although there seemed little possibility for interference by the state as the result of the action of Governor Deneen and the state board of pardons in refusing him further reprieve, Hoch believed he had yet a chance for life. Hoch slept soundly during the night, retiring about 10 o'clock. He awoke only once in the morning, about 3 o'clock, and complained of having a feeling of nausea. He retired again and soon fell asleep.

He arose at his usual hour and declined the comparatively sumptuous meal given all prisoners sentenced to jail in the jail here. He said coffee and rolls were good enough for him, and was given to the condemned man. He was very cheerful and chatted pleasantly with the guards assigned as the death watch. Hoch has been a model prisoner and the jail guards have been particularly friendly to him. After breakfast to-day they presented him with a bouquet of nasturtiums. Several bouquets were sent to him from outsiders, but Jailer Whitman and Sheriff Barrett refused to allow them to be sent to his cell, not wishing to risk the possibility of poison being concealed in them.

It was raining hard and as Hoch heard the patter he bemoaned the gloomy day. "I fear that is going against me," he told the guard. To Assistant Jailer O'Neill, he said he felt fine. One of the night guards who has been watching over Hoch, took his leave of the condemned man. As the guard bid good-bye, Hoch said: "What's the matter, I'm not going yet. If they hang me to-day, they will murder an innocent man. Let them go ahead."

Hoch then changed his clothes and packed his few belongings, saying he might be able to use them yet. He gave Guard Sullivan a photograph of himself and wife for Mrs. Emma Fisher Hoch, a sister of the woman for whose murder he was to hang.

Armed with search warrants and sledges, the "gambling detail" continued at night the destructive raids which had terrorized the gambling fraternity during the preceding twenty-four hours. A score of warrants, to which the signatures of two police magistrates were appended, were given to the raiders and descent on ten "clubs" was made before midnight.
